

starchild mitochondria DNA. i am a happy drunk.
not all drunks are happy,,,, some are nutzoid.
peter likes hydrogen.

at least a human mother, for by
hybrid
akation

the starchild doesn;t have any of those . That came from
a dumpster at yale.the nuclear DNA.
We have to create our own primers.

Base by Base.

East Rock is awesome.

everytime I move it;s a block and a half away.

I got some chuggens.

don;t ask about CHUGGENS, if you don't know what CHUGGENS IS.

GCOD.

chuggens are the real deal.

many chuggens look to the gospel of CHARLIE CHUGGENS.

From the mouth of C.C. I know a chuggen when I see it...

if you see me roaming the hillsides, won;t you come along?

dunewater the plants

46 chromosomes.
